Dear Stephen

I am pleased to advise that the Public School Review of Rockingham Senior High School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. The review is to be scheduled for 2027. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

I have been advised the strong relationships between the school and the community have fostered a profound sense of pride and belonging among students, staff, and parents. The connections the school has developed with local industries and businesses is creating opportunities for student success, following their transition into the workforce or further study.

Additionally, I have been informed that under your leadership there is an organised and purposeful tone, underpinned by a commitment to implement consistency in pedagogy and practice throughout the school.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Melesha Sands
